

PUBLIC CONSULTATION

Woodward Smith Architects and Pearce Homes invite you to our Public Consultation on Thursday 7th January 2016 with regard to the strategic allocation for development in Bratton Fleming.

My client has secured the option to progress with a planning application for the Glebe Field land as identified in the North Devon Emerging Local Plan BRF 01.

The proposal seeks to provide 30 dwellings including 30% affordable units. The proposal will also seek to facilitate a new Community Shop together with enhanced footpath links to the Village and to the Millennium Green.

We look forward to seeing you on the 7th January 2016 at Bratton Fleming Village Hall from 2pm until 7pm to discuss the proposal in more detail.
